TRANSPARENT AND BROWN TAPE

Different industries have different packaging needs.

At Flexi Bond, we produce different types of tapes that cater to various industries — FMCG, pharma, telecommunication, packaging, beverages, breweries, and many more.

Take a look at our wide variety and find the right one for you. Packaging Tapes Self adhesive transparent and brown tape.

COLOURS TAPE

We are one of the leading manufacturers of colours or promotional tapes. These tapes are designed according to the needs of customers. The main advantage of colours tape is it can replace the printing cost of cartons.

These tapes are mainly used in e-commerce warehouses and godowns for packing cartons. We can print your company logo, any promotional message, any handling instruction in multiple or single colors. All our promotional tapes are highly recommended in the industry for their unmatched quality standards.

Features:

- High tensile strength
- Excellent thickness
- Long shelf life
- Strong grip

PRINTED TAPES UP TO 8 COLOUR

Marketers always try and find new and innovative ways to promote their brands. Advertising tapes is a step in that direction. These tapes allow the marketers to tap into every little space at retail level. Apart from brand building, they are extensively used to communicate messages related to sale, discounts, offers, etc., and are ideal for telecommunication and FMCG categories.

Advertising tapes are made out of BOPP and coated emulsion based acrylic adhesive. The tape's thickness ranges from 2.75 mil onwards, and supports up to 8-colour printing. At Flexi Bond, we go the extra mile to ensure that you get top-notch quality of printing and adhesive-ness to help your brand stand out in the clutter.

JUMBO ROLLS

We are one of the largest manufacturers of in the industry to provide an excellent range of BOPP jumbo roll.

We have latest and state of the art coating & slitting Equipment as well as pneumatically controlled drying system, which provide excellent quality of the products.

For sealing cartons and other boxes in packaging industry BOPP jumbo rolls are widely used. All our jumbo rolls have high tensile strength, durability, different sizes, thickness and colors.

These tapes are made from high grade materials that are resistant to heat, UV proof, damp proof as well as double sided adhesion, safe, easy to use and remove.

STRETCH FILM

We can provide a wide variety of stretch films, which are known for their shine and transparent nature. Our offered stretch film is widely used for both manual and automatic stretch wrapping machines and is capable enough to cater to the needs of various packaging requirements in the industry. These stretch films are manufactured by using high-quality grades of polyolefin and offered in the form of various sizes of rolls. These films are widely used in commercial packaging, packaging of boxes, and pallet packing.

Features:

- Seamless finish
- Smooth surface
- Light in weight
- Water resistance
- Easy to wrap
- Perfect shining

PAPER TAPE

Our offered paper tape is widely known for its tensile strength and durability.

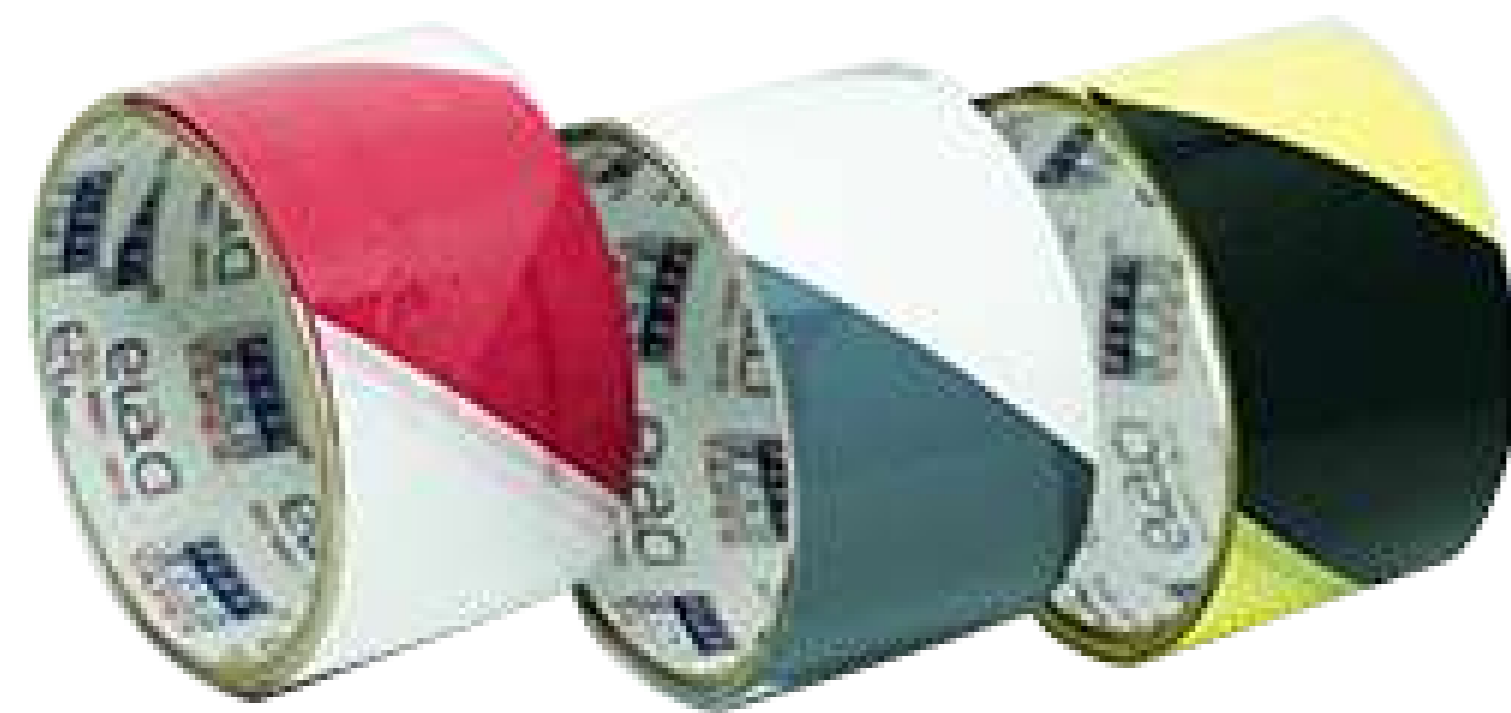

For light to medium carton-sealing applications. Furthermore, these tapes can also be used to seal heavy packages or cartoons that are to be shipped.

Features:

- Flexibility
- Optimum strength
- Made from premium quality material
- Custom made with client's logo
- Lasting stacking ability

FLOOR MARKING TAPE

Floor marking tape is known for its excellent and high strength and has strong rubber-based adhesive. The main advantage of floor masking tape is immediate & quick stock and very easily remove. We are one of the biggest manufacturers and suppliers of floor masking tape.

These tapes are available in various colors such as red & white, yellow & black, and green and are also available in striped chevronsstri.

These tapes are widely used to mark hazards, stumbling, use to divide spaces, create aisles as well as provide directions and tripping points. Also, these tapes are widely used in industrial and manufacturing facilities for floor marking and are a great replacement for paints. These tapes have great resistance and

MASKING TAPE

Masking tape is also known as sticky tape, is a type of pressure-sensitive tape made of a thin and easy-to-tear paper, and an easily released pressure-sensitive adhesive.

Marking Tapes are widely known for its excellent adhesion cohesion strength and tackiness. These tapes are extensively demanded in various industries for being used in safety processes It is used for marking floors creating lines and highlighting danger or restricted areas, in addition these tapes are used to mark walking lanes and identification of storage segmentation. Customization is available in masking tapes with different size and length.

Advantages:

- No residue
- Resistant to UV light
- Self-life 4 years

STRAPPING PATTI

We are one of the reputed names engaged in manufacturing a qualitative range of Strapping Patti or Role. Our offered strapping rolls are very suitable to do the secure packaging of different products. These strapping rolls are very reliable and have high resistance against all weather conditions.

We can make strapping patti in different sizes as well as colors to fulfill the needs of the customer. The major application of these strapping patti is palettization in various industries like clothing, paper, metal, printing and many more.

Features:

- Tear resistance
- Uniform thickness
- Impeccable finish
- Highly durable
- Weather Resistance
